

Command 2: Follow Jesus and Fish for People

Look Back:

Loving Accountability. Ask everyone individually if they obeyed what God said to them from their following and fishing goals.

Vision Casting. Read Matthew 28.18-20. Teach how making disciples multiplies with the Multiplication Strategy. Everyone should be getting trained as a disciple of Jesus to share with the lost and disciple (train) those who believe every week.

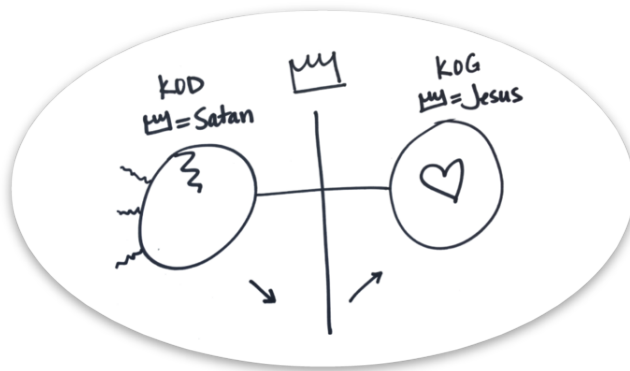

Look Up:

New Lesson. Use the SWORD method to study Matthew 4.17-23: What does it teach you about God and man? Is there Sin to avoid, a promise to claim, an example to follow or a command to obey?

Look Ahead:

Practice. Practice sharing the two Kingdoms at least five times. First learn to share while drawing it, then learn to share it orally. Watch this video for help: <https://youtu.be/LetKisgaCb4>

Remember to explain these three things for each Kingdom:

1. What the kingdom is like
2. What the king is like
3. What the king does

Goal Setting and Prayer. Pray

and ask God how to respond:

- Following: Set a goal about praying for your lost friends on your relationship map. Most disciples try to pray everyday for their map.
- Fishing: Set a goal of how many and which friends to share the two kingdoms with this week.
 - Write down your goals and share them with your church.
