

## Command 4: Meet Together

### Look Back:

1. Member Care. Care for each other by listening to what God has been saying to each other. Everyone share one "Say" from what they read in Matthew.
2. Loving Accountability. Ask everyone if they obeyed what God said for following and fishing goals.
3. Worship and Prayer. Read 1 Corinthians 11.23-34 and take the Lord's Supper. Pray and thank Jesus for his work on the cross on your behalf.
4. Vision Casting. Matthew 13.31-32. Coach the multiplication strategy (A church is a gathering of disciples). Ask everyone how it's going sharing the gospel, training new disciples, and starting the next church.

### Look Up:

5. New Lesson. Read the command of Christ in Hebrews 10.24-25 and use the SWORD method to study Acts 2.38-47.

### Look Ahead:

6. Practice. The first church had at least 10 elements that made them healthy: Evangelism (v41, 47), Leaders (v42-43), Baptism (v41)

- Apostles Teaching (v42), Fellowship (v42), Prayer (v42), Miracles (v43)

- Meals Together/Lord's Supper (v46), Giving (v45), Praising God (v47)

Evaluate your church by starting with a dotted circle. Put a man, a crown, and a water symbol at the top. Next to the man write the total people in your church, next to the crown write the total number of disciples, next to the water symbol write first the number of baptized disciples, then the number your church baptized. Next, draw each element inside the circle that the church is practicing. Write those not practiced outside the circle. **Finally, ask everyone:** Do you want to commit as a group of disciples to being a church? If yes, make the circle a solid line and decide on a name for your new church. Write the name of the church at the bottom. Use the street address or location where you meet if you're stuck for a name. Add the name of a qualified elder or elders (Tit 1.5-9). Usually this is the man or men that started the church.

7. Goal Setting and Prayer. Pray and ask God how to respond:

- Following: Decide what you need to do as a church next week to become a healthier church and add more elements inside the circle.

- Fishing: Keep sharing your testimony and the two Kingdoms and seek to train other disciples, and gather them as a church. A good goal is to share with five people.
