

## Command 5: Put God's Kingdom First

### Look Back:

1. Member Care. Everyone share one "Say" from what they read this week.
2. Loving Accountability. Ask everyone individually if they obeyed what God said to them from their following and fishing goals.
3. Worship and Prayer. Pray and thank God for obedience and praise His name.
4. Vision Casting. Review Matthew 13.31-32. Coach the multiplication strategy. Ask everyone how it's going training new disciples and gathering them in the next church. Address obstacles that pop up.

### Look Up:

5. New Lesson. Use the SWORD method to study Matthew 6.25-34.

### Look Ahead:

6. Practice.
  - Make a list of your current priorities. Ask yourself where you spend your time and money, these will reveal your priorities.
7. Goal Setting and Prayer. Pray and ask God how to respond:
  - Following: Pray and ask Jesus if your priorities are truly putting His Kingdom first. Share with your church any areas that you need to change. Commit to give as a church of your time or resources. Make a plan to take up an offering next week and immediately give it away. Healthy churches make this a regular habit.
  - Fishing: Continue to share the gospel regularly, aiming for at least five per week. Train those who believe in Lesson 0 and start a new church.
    - Write down your goals and share them with your church.
